Pam Thomas has been a valued and honored member of our Board for several years and for the past year has been successfully battling Leukemia. She went into remission in September and attended the State Convention doing well up until recently.

Two weeks Pam's symptoms started returning and was told by her physician that there was nothing else they could do for her. She immediately started working with alternative treatments that have surprisingly been working very well. She left yesterday to travel to Germany to a clinic that specializes in Leukemia and has had very good success with their treatments.

She will be in Germany for 3 weeks with a few family members by her side. Unfortunately, her insurance will not cover alternative medicine, so all expenses will be out of pocket from this point on. To help her, her family and friends in Gillette will be holding a fundraiser on February 6, 2010 to help alleviate some of the costs and are asking all of her REALTOR friends throughout the state to assist us in our efforts.
